MARDI GRAS OPENED

Rex and Merry Court Hold High Carnival in New Orleans.

GIVEN KEYS OF THE CITY

Thousands of Visitors Assembled at the Crescent City to Witness Gorgeous Ceremonies Attendant Upon the Annual Merrymaking.

New Orleans, La., March 3.—Monday marked the arrival of Rex in the festivities attendant upon mardi gras and the formal opening of the New Orleans carnival. The king of the carnival was received with elaborate ceremonies by the mayor and other officials Monday afternoon and taking the keys to the city, rules supreme until midnight Tuesday.

Gorgeous Jewels.

The jewels which were worn during the carnival by Rex and his queen have been on exhibition in their capital city, New Orleans, for several days. The king's crown was of gold set with diamonds and emeralds and lined with red velvet. The scepter was of gold and ivory and saudded with handsome gems of many varieties. A heavy rope of pearls and diamonds set with amethysts was worn across the monarch's breast.

The queen's jewels were of diamonds and emeralds and consisted of girdle, necklace, bracelets and brooches. There was a tiara of unusual beauty which was set with these gems. The scepter was of gold and pearl studded with many handsome stones.

Identity Kept Secret.

The identity of those who play the parts of the merry monarchs in the carnival are supposed to be kept a secret until the day following the ball of Rex Tuesday night, when all local newspapers publish pictures of the king and his queen. While Rex is always some prominent business man, the queen is the youngest daughter of some representative citizen. To be chosen as either king or queen is considered a great honor, and thousands of dollars are spent upon the robes and gowns of the monarchs whose reign lasts less than thirty-six hours. During these thirty-six hours the merry subjects of Rex and his queen give themselves over to mirthful celebration.

The number of visitors this year is not as large as in previous years, many regulars who have never missed the carnival before announcing to their friends here that the financial stringency has prevented their attending. The number of visitors in the city is roughly estimated at about 50,000.

PASTOR GUARDED BY POLICE.

Received Letter that Anarchists Would Attempt to Kill Him.

Chicago, March 3.—A dispatch to the Tribune from Cincinnati, O., says that while celebrating mass Sunday at St. Peters cathedral, the Rev. Michael Mulvihill, pastor of the cathedral congregation was guarded by police in citizen's clothes.

The priest received a letter signed John Ryan informing him that anarchists from Denver, Colo., had arranged to kill him at the mass. The missive was written on a hotel letter head. The priest was not inclined to pay attention to it, but friends appealed to the police.

During the regular services at the church detectives were on duty among the worshippers and near the altar. The author of the letter stated that he had deserted from a band of anarchists and wished to frustrate its plans.

$35,000 Fire at Meridian, Miss.

Mobile, Ala., March 3.—The grain room of the Eagle cotton oil mills at Meridian, Miss., was destroyed by fire, entailing damage of $35,000. Two loaded freight cars were also destroyed. The loss is partly covered by insurance. The main plant was seriously threatened, but escaped material damage.

James Oliver, Millionaire, Dead.

South Bend, Ills., March 2.—James Oliver, the millionaire plow manufacturer, died here Monday morning.

BELIEVES HUSBAND INNOCENT.

New Development in the Chicago Poisoned Candy Case.

Chicago, March 3.—On the eve of the trial of Seton W. Sangster, a commercial traveler charged with having attempted to kill his wife and their young daughter by sending them poisoned candday, the accused wife, Lina E. Sangster, on whose testimony Sangster was indicted, declares that she believes it was a woman's hand that filled the candy with a deadly poison—arsenic—and all but worked the death of mother and child. She believes her husband to be innocent.

Assistant State Attorney Day said that he had expected to have Sangster convicted.

But at the eleventh hour, the wife, who had pursued him until the grand jury indicted him, declared her belief in his innocence.

The candy was left for the daughter at a railway station in her father's suit case and a note from him told her to get the suit case. The note, however, said nothing about the candy.

In 1906 Mrs. Sangster brought suit against a wealthy widow of Jacksonville, Ills., for alienation of the affections of her husband. She lost the suit in the lower court, but on an appeal, the supreme court remanded it for re-trial.

VISITED BY NIGHT RIDERS.

Warning Note and Switches Left at Farmer's House.

Nashville, Tenn., March 3.—A little band of night riders visited the farm of Walter A. Layne, a prominent farmer, who resides five miles south of Hopkinsville, Ky., and left threats in the form of notes and switches.

The unknown men rode into the farm from the rear of the place and were on horses and mules. They stopped first at the houses of two tenants and then proceeded to Mr. Layne's front porch.

At each place they laid down a bundle of switches and a note warning Layne and his croppers to sell their tobacco in the association under penalty of a whipping. All the notes were signed "500."

Layne is not a member of the association, but announced some time ago his intention of joining as soon as the books are opened for new members.

AT PASTEUR INSTITUTE.

Well Known Horseman Will Be Treated for Hydrophobia.

Chicago, March 3.—John Splan, the trotting horseman, arrived in Chicago Sunday for treatment for hydrophobia and is now at the Pasteur institute.

He was bitten by a mad dog on Friday while at Lexington, Ky. The head of the dog which bit him was taken to Dr. A. Lagorio, head of the institute, and after an examination, the physician announced that the animal certainly had hydrophobia.

Mr. Splan was put under treatment immediately. No bad symptoms have developed in his case and there is every reason to expect his recovery.

Three other persons were bitten at the same time.

Many Granite Workers Idle.

Boston, March 3.—More than 5,000 granite cutters, quarry men and others employed in the granite industry and in surrounding centers of Barre, Vt. Montpelier, Vt., and Westerly, R. I., were affected by a suspension of work Monday, due to the failure by the unions and manufacturers to agree to the provisions of a new wage scale and working agreement to replace that which governed the industry up to Saturday.

Son of Wanamaker Dead.

Liverpool, March 3.—Thomas B. Wanamaker, of Philadelphia, died suddenly at the Liverpool hotel here Monday. Mr. Wanamaker arrived at this port on Thursday from Egypt, where he had been traveling with his mother in search of health.

Made Killing Subject of Discourse.

Denver, Colo., March 3.—Practically every minister, speaking from the pulpit here Sunday, made the murder of Father Leo Heinrichs the principal subject of his discourse. Several of them traced the origin of all crime to the liquor traffic.

GREAT FIRE AT TAMPA

Florida City Suffers a Loss of $600,000, Partly Insured.

55 ACRES SWEPT BY FLAMES

Four of the Large Cigar Factories Were Destroyed, Throwing Hundreds of People Out of Work—300 Buildings Burned—One Fatality.

Tampa, Fla., March 3.—The entire extreme northeastern section of the city proper was destroyed by fire, which raged uninterruptedly from 9 a. m. to 1 p. m. Sunday.

The area burned covered fifty-two acres or eighteen and one-half blocks and three hundred and eight buildings were destroyed, with a total loss of $600,000.

The burned section included four large and one smaller cigar factories and numerous restaurants and saloons, boarding houses and over two hundred dwelling occupied by cigarmakers.

The factories burned were M. Stachelberg & Co., loss, $100,000; M. Perez & Co., loss $50,000; Gonzalez, Fisher & Co., loss $40,000; Eszery & Gunst company, branch of Stachelberg, loss $40,000; Fernandez & Bro. loss $20,000.

People Thrown Into Panic.

All factories carried large stocks of tobacco and cigars. The area swept by fire embraced all that portion of the city between Twelfth and Michigan avenues and Sixteenth and Twentieth streets.

It originated in the boarding house of Antonio Diaz, 1714 Twelfth avenue, and fanned by a strong wind, spread out, fan-shaped, defying the force of the fire department, which was crippled by very weak water pressure, owing to the smallness of the mains in that section.

Occupants of over two hundred of the dwelling houses, thrown into a panic, rushed out attempting to save but little of their belongings.

One fatality is reported, a Cuban woman in a delicate condition, who fell dead from the shock, her body being rescued from the burning house with difficulty.

In the big factories it was possible only to save the most valuable of records, books, etc., and the valuable stocks of leaf tobacco and manufactured cigars ready for shipment was left to the mercy of the flames.

Hotels and Cafes Burned.

Among buildings other than factories destroyed, were the hotels and cafes of Perez & Castro and Maximo Caras, six saloons, twelve restaurants and ten boarding houses.

The fire finally burned itself out at the extreme northeastern corner of the city.

Fully half of the people rendered homeless were out of work, owing to the dull season in the factories, and also practically out of funds and their shelter became an immediate problem.

Convent Opened to Homeless.

St. Joseph's convent was opened to them by order of the Jesuit Fathers and many found lodgings there, while others were accommodated in homes throughout the city. Besides these, thousands of men will be out of work on account of the burning of the factories.

The insurance is estimated at not more than half of the loss.

Seven Terrorists Must Die.

St. Petersburg, March 3.—General Hasenkampf, chief of the general staff, overruling the plea of counsel for the defense, has confirmed the death sentence passed by a courtmartial on the seven terrorists, including the mysterious Italian Calvino, who were convicted of complicity in the plot against the lives of Grand Duke Nicholas Nicholaevitch and M. Chtchegloviteff, the minister of justice.

Burglary at Attalla, Ala.

Birmingham, Ala., March 3.—Burglars Saturday night broke into the postoffice at Attalla, fifty miles north of Birmingham, and into the stores of George P. Wallace and Wilson & Morton. About $300 in cash was secured, but only a small amount was taken from the postoffice.

MURDERED BY NEGROES.

Prominent Hebrew, of Atlanta, Shot Dead in His Store.

Atlanta, March 3.—Jacob Hirsowitz, one of the most prominent of the Orthodox Hebrews of the city, was shot and instantly killed at his place of business, the Georgia loan office, 110 Decatur street, by an unknown negro Saturday night shortly after 7 o'clock. The negro escaped.

The trouble, it is said, grew out of an attempt of one of three negroes who had entered the store to make off with a pistol which they were examining. He was intercepted by Mr. Hirsowitz and a negro porter.

In the struggle one of the other negroes, according to the statements of by-standers, deliberately drew a pistol and fired twice at the pawnbroker. He fell, mortally wounded, and expired in a few minutes.

The negroes then fled and have as yet not been captured. They are all unknown to the police.

The unprovoked murder caused great excitement, particularly among the Hebrew element of the city, and they have offered a large reward for the capture of the murderer.

BREWERS HOLD MEETING.

Strong Effort To Be Made to Stay the March of Prohibition.

New Orleans, March 3.—"Educate the south to oppose prohibition" was the sentiment voiced at the annual meeting here of the Southern Brewers' association.

The decision to call upon the brewing interests of the entire United States for a campaign to modify the prohibition laws in the new dry portions of the south, was reached by the Southern Brewers' association in annual meeting here.

It was declared that the south must be reclaimed first, and that all forces should concentrate on the south.

Georgia, Alabama and Mississippi were named as the states where the hardest work would be necessary, and a campaign of education was announced as the chief reliance of the brewers for success. This action was not written formally into the record, but was agreed on in conference and speechmaking. Brewing interests all over the country were represented.

"PAT" GARRETT KILLED.

Man Slain Who Killed "Billy the Kid," Noted Outlaw.

El Paso, Tex., March 3.—Patrick F. Garrett, known the continent over as the man who killed "Billy the Kid," the noted outlaw, and one of the last of the most prominent gunmen of frontier days, was shot and killed by J. Wayne Brazle, a youthful ranchman, near Las Cruces, N. Mex., in a dispute over a ranch lease.

Garrett had been on a visit to one of his ranches near the New Mexico town, and in a buckboard with a friend was returning to Las Cruces, when they were overtaken by Brazle. A quarrel between the principals followed, and Garrett is said to have reached for his shotgun. Brazle fired twice, both shots taking effect and Garrett fell dead.

Young Girl Burned to Death.

St. George, Ga., March 3.—While passing in front of a fire in an open fireplace the dress of the seven-year-old daughter of Jule Thompson, who resides two miles north of this city, caught fire, and in her fright she ran into the yard. The wind caused the flames to envelop her, and before the fire could be extinguished, she was so badly burned that she died of her injuries.

Bryan Returns to Lincoln.

Chicago, March 3.—A dispatch from Memphis, Tenn., to the Tribune, says that suffering with a severe cold and what is termed a "busting" headache, W. J. Bryan announced late Sunday night that he would make a beeline for his home in Lincoln, cancelling the dates in St. Louis on Monday.

To Study American Methods.

New York, March 3.—Brigadier General Joseph Stephen Adam, of the Austro-Hungary army, is soon to become a member of the local fire department, not because he needs the money, but to get experience for the benefit of the fire department at home which comes under his jurisdiction.

"REDS" MAKE ATTACK

Attempt to Assassinate Chicago Chief of Police.

ONE ANARCHIST WAS KILLED

Chief, His Son and Driver Were Set Upon by Two Men With Revolvers as They were Leaving Their Home. Chief Stabbed in Arm.

Chicago, March 3.—An unsuccessful attempt to assassinate George M. Shippy, chief of the Chicago police department, was made as the official was leaving his residence Monday morning. The chief, his son and his driver, James Foley, were attacked by two men with revolvers. Young Shippy and the driver were wounded. The chief returned the fire, wounding one of his assailants.

The chief, it is said, was stabbed in the right arm during the affray. None of the men were seriously hurt.

The attack is supposed to have been made by anarchists following the activity of the Chicago police after the tragedy at Denver.

The man shot by Shippy was killed outright.

"NOT GUILTY," PLEADS ALIA.

Slayer of Father Leo Arraigned in Court—Trial March 9.

Denver, Colo., March 3.—Guiseppe Alia, slayer of Father Leo, pleaded not guilty to the charge of murder when arraigned Saturday. Judge Greely Whitmore set his trial for Monday, March 9. Peter Bossie was dismissed as interpreter in the case because of the charge that he is a member of the anarchistic organization.

The court room was crowded when the prisoner was brought in shackled to a deputy, but no demonstration was made.

When arraigned, the slayer of Father Leo was asked for his correct name. He spelled it out, "Giuseppe Alia."

After listening to the interpreters's explanation of the information, which was read to him, and announcing his plea of not guilty, Alia paid little attention to the further proceedings.

Hundreds of curious persons surrounded the jail and crowded about the slayer of Father Leo when he was being taken to and from the court house, but no violence was offered.

Robert H. Widdecombe, the attorney appointed by the court to defend Alia, has definitely decided to make a plea of insanity, and hopes to be assisted by Baron G. Testi, Italian consul, who has cabled to Sicily for information concerning Alia's actions in that country.

FOR REPOSE OF THEIR SOULS.

Great Funeral Ceremony Held in Rome For King Carlos and Son.

Rome, March 3.—In the Hall of Beatifications Monday a great funeral ceremony was held for the repose of the souls of the late King Carlos of Portugal and the Crown Prince Luis Philippe, who was assassinated on the streets of Lisbon February 1, last.

Cardinal Vincenzo Vannutelli, archpriest of the liberian basilica, who also holds among his other titles that of protector of Portugal, celebrated mass. The pope himself gave absolution.

The whole of the sacred college, the papal court, members of the aristocracy of Rome and several thousand others, including many Americans, were present at the function.

Four Boys Drown in Lake.

Mart, Tex., March 3.—By the overturning of a boat in which six small boys were fishing on a small lake near this place, four of them were drowned and the other two, still clinging to the bottom of the boat, were rescued almost an hour later.

Shot to Death as He Slept.

Clinton, Iowa, March 3.—Fred Dolph, twenty six years old, was shot to death Saturday night while he slept. His head was blown off with a shotgun placed against his cheek. Mrs. Dolph is under arrest.

CONGRESSMAN LAMAR TO SPEAK TOMORROW

Will Address Citizens of Alachua County on Matters Politic.

CANDIDATE FOR U. S. SENATE

Has Served His People Conservatively in Congress, and Now Looks for a Promotion, and Will Visit Here in Interest of Candidacy.

The people of Gainesville and Alachua county who are interested in the political situations of the day will be presented with an opportunity to hear them discussed Wednesday morning at 11 o'clock, when Congressman W. B. Lamar of Jefferson county, now a candidate for the United States Senate, will address the people in the court house in this city.

Congressman Lamar, who is one of the sturdy sons of West Florida, and a man of whom any community may feel proud, stands high in the estimation of the leading men of the nation in Washington, and has, by his conservatism and shrewdness, coupled with the affable manner which characterizes him in getting 'round matters, made for himself a record which will last him eternal. It must not be construed in the term of "getting 'round" matters that Congressman Lamar acts anything but honorable, but his affable nature and influence is on a balance with his shrewd ability, which usually counts.

Congressman Lamar, in addition to making a fine representative, is a man who works with a consciousness, and he will no doubt have a great deal to say which will prove of interest, and which will enlighten his hearers.

The public is cordially invited to attend this speaking, and the presence of the ladies is especially desired.

THIS WAS AN AGED MAN.

Old Colored Man from West End Says He is 107 Years of Age.

"I am a hundred and seven years old, and never had an hour's trouble in my life."

This was a remarkable expression, but it was an expression made in good faith, and with all the sincerity of a man whose expression looked as if he was sincere, from the "free-show" stand of Dr. Livingston, the root and herb doctor, upon the occasion of the last appearance of Dr. Livingston and his show Monday.

This old man, who shows his age only by his bended form, stated that he was born on march 26, 1801, and that he can remember "hearin' de folks talk" about the revolutionary war. He has a brother, who was in the city with him, eighty years of age, and has children older than his brother, as he was married early.

This old man was one of the features of Dr. Livingston's show on Monday, and he attracted a great deal of attention. He declares that he can swear to his age, because it was handed down to him by "de white folks in de Bible."

Dr. Livingston left for Ocala Tuesday, after two weeks spent in this city advertising his remedies. He is a gentleman of pleasing address, of most affable disposition, and made himself quite popular here. His remedies also proved popular, as people were coming for miles around to secure them.

Listen

And remember the next time you suffer from pain—caused by damp weather—when your head nearly bursts from neuralgia—try Ballard's Snow Liniment. It will cure you. A prominent business man of Hempstead, Texas, writes: "I have used your liniment. Previous to using it I was a great sufferer from rheumatism and neuralgia. I am pleased to say that now I am free from these complaints. I am sure I owe this to your liniment." Sold by W. M. Johnson.

Quarterly Dividend Declared.

New York, March 3.—Directors of the American Smelting and Refining company have declared a quarterly dividend of 1 per cent on the company's common stock. This compares with a quarterly dividend of 2 per cent on the common stock for the last previous quarter. The directors also declared a quarterly dividend of 1 3-4 per cent on the preferred stock, which is unchanged from the last previous quarterly dividend.

LEWIS FLOWERS' TROUBLE.

Got Mixed Up in a Row at Paradise, and Received Two Bullet Wounds.

As the result of a row which he had with Jim Carson, Lewis Flowers, a negro, was shot twice near Paradise in a row, with the result that he is now laying in a room in this city with two painful wounds—one in his right breast, the other in his left arm.

Both men are negroes, and both are employed by C. E. Dunham, at his sawmill near Paradise. It appears that they became engaged in a row Saturday night in some trivial matter, when it is stated that Carson assaulted Flowers with an ugly-looking gun, pumping the contents of two chambers of the pistol into him.

Flowers was brought immediately to this city, where a surgeon was summoned, and administered to the suffering man. The physician states that his condition is not necessarily serious, but that he will be confined to his bed for some time.

Carson made his escape, and has not been captured.

OUR NATIONAL DANGER.

Time to Cry a Halt Before Complete Wreck Results.

There are thousands, both men and women, who do not take time to eat properly. They rush through life, and as a result we have an age of indigestion, nervousness, irritability, sleepless nights, and morose disposition. Our national danger is stomach weakness, due to the strenuous life.

With the discovery of Mi-o-na tablets, which strengthen the walls of the stomach and stimulate secretion of the digestive juices, there is no longer any excuse for indigestion.

Sick headaches, palpitation, yellow skin and coated tongue are a few of the many distressing results of indigestion that Mi-o-na never fails to cure.

J. W. McCollum & Co. sell Mi-o-na in 50-cent boxes, and guarantee to refund the money if it does not give complete satisfaction.

Base Ball Teams Coming South.

The season is drawing near when the ball tossers are getting anxious to limber up, and nearly all of the American and National League managers are rounding up their men for their invasion of the South for practice.

The Brooklyn National League team will train in Jacksonville and the Cincinanti Reds will do their working-out stunts at St. Augustine. Georgia, as usual, will have about six or seven of big league teams within her borders, taking the kinks out of their muscles.

The South Atlantic League and the Southern League managers will get their men together in a few weeks to limber up and be in condition for the opening of the season.

All the lovers of the game in the North will have their ears cocked waiting for glad tidings from their favorite teams, who will be "doing things" in the Sunny South.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

SCHOOL CHILDREN PETITION PRESERVATION OF CALIFORNIA REDWOODS

Washington, March 2.—One of the most unique petitions ever sent to Uncle Sam is one which has just been received here by the Forest Service from nearly 1,400 California school children who ask for the establishment of a Redwood National Park. This petition, which is from the children of the schools of Eureka, Humboldt county, California, is unlike any other which has ever been sent to a Government department to ask for the preservation of forests. In the petition the children say:

"We, the children of Eureka schools, have been studying about our redwood forests, and along with the rest of the people of our country we feel that representative groves of these trees should be preserved for ourselves and coming generations of children; and we respectfully petition the United States Government to take some action toward establishing a National Forest of redwoods."

Government foresters who are acquainted with this section of California say that the children give good reasons for the establishment of the National Park. It has only been a few years since the redwood trees stood thick on the land around the larger towns of Humboldt county, but now all the readily accessible timber has been removed, and the people see the time when the redwood groves will have disappeared.

There is little, of any, redwood left suitable for a National Park that has not fallen into private hands. The acquisition of any such areas therefore would have to be brought about through purchase or through private donation. If it is found necessary to purchase the land for the park Congressional action will be required.

It is not often that private donations of valuable timberlands are made, but a notable example of such generosity and public spirit was recently shown by William Kent of Chicago, Illinois, and Kentfield, California, who presented a tract of 295 acres of magnificent sequoias in Redwood Canyon, near San Francisco, to the Government. In Monterey and Trinity National Forests, California, there are a few small tracts of redwood.

The children do not specify any particular grove of trees which they would like created a National Park. It will therefore be necessary for the people of Humboldt county to locate a suitable grove of redwood to be made a National Park, make arrangements for the purchase of the tract and then request Congress to take up the matter. The Forest Service will be able to do nothing more than to supply all possible information and assistance. The Chief Inspector at San Francisco will be requested to look into the matter and assist those interested in the movement in every way.

ASH WEDNESDAY SERVICES.

Will be Observed at Holy Trinity Episcopal Church Today.

Today being Ash Wednesday, there will be holy communion and Penitential office, and sermon, at 10:30 o'clock this morning.

This afternoon, and also on Thursday and Friday afternoons at 4 o'clock, there will be brief addresses. On Friday morning at 9 o'clock there will be a brief Litany service.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you? J. W. McCollum & Co.

"Col." Story is Home.

"Col." Story, a well-known character on the streets of Gainesville, but who has been absent "for his health" for the past few months, has returned.

"Col." in this instance is an abbreviation for "colored." Story has just returned from Chattahoochee, where he says he has been for examination in the Hospital for the Insane, but, with that characteristic which has made him a central figure here, he almost succeeded in convincing the examiners that it was not he, but they, who needed the examination for mental qualifications, hence he was released.

Succeeds Fish as Director.

Chicago, March 2.—The Tribune says that J. Ogden Armour, president of Armour & Co., will be elected a director of the Illinois Central Railroad company Monday when the delayed stockholders' meeting is held. He will succeed Stuyvesant Fish, who has given up the fight against E. H. Harriman, in consequence of Judge Hall's decision allowing Harriman to vote the stock held by the Union Pacific Railroad company.

MEETING OF THE BOARDS.

School Board and Board of County Commissioners Convened.

Tuesday was a busy day in the court house, the School Board and the Board of County Commissioners both having convened in regular session.

The School Board finished its session during the day, but the commissioners were unable to close their business, which as a rule requires a couple of days.

The proceedings of the boards will be published as soon as the minutes can be recorded.

Attention is called to the list of mes stricken from the city regisation books, which appears in this ue. Any person whose name has en erroneously stricken may have me restored upon application to gistration Officer J. Maxey Dell ten ys prior to the election.

Oscar Dyal and son, Trueman, of raham, are in the city. The former confined at the Odd Fellows' Sanirium, having had an operation perrmed for tumor on the glands. The eration was not of a dangerous nare, however, and the patient will all right in a day or two.

E. A. Summers, one of the leading business men of High Springs, was a visitor to Gainesville yesterday. Mr. Summers reports the arrival at the home of his brother, W. C. Summers, of a fine baby boy, which came Sunday to bless the household. Friends of the happy father and mother will extend congratulations.

Sheriff L. W. Fennell has returned from Rex, where he went to turn over to Carter & Layton, agents for Maultsby Company, the sawmill and property of L. M. McKinney, recently levied upon. The property was placed in the hands of Leon Morris of this city, representative for Carter & Layton, who now has the same in charge.

W. F. Morrison, F. J. Hammond, Thos. Holden and E. L. Johnson formed a quartette of Hawthorn citizens who spent yesterday in the county metropolis. Mr. Hammond recently purchased the home of Mrs. Annie Brown in this city, and it has been rumored that he would move his family here. They will be gladly welcomed.

Misses Elizabeth and Richmond Walton, two charming young ladies of Madison, Ga., after a delightful visit to Miss Hortense Hochstrasser in this city, have returned to their home. During their stay here they made many friends who regretted their departure, but hope they will favor the city with another visit at no very distant day.

Captain M. R. Gilmer of High Springs, one of the well-known and popular conductors of the Atlantic Coast Line, was renewing friendship with old acquaintances here yesterday. Captain Gilmer is now running the "short" between High Springs and Burnett's Lake, connecting with the Jacksonville-St. Petersburg trains. He is as popular as ever.

Mr. and Mrs. F. P. Henderson have returned from Arno and Komoko, where they have been for the past week, Mr. Henderson engaged in budding pecan trees for the Griffing Orchard Company. Mr. Henderson left Tuesday afternoon for Orange Heights, where he will be engaged budding pecan trees with Dr. J. B. Curtis for the remainder of the week.

Wanted, Orders for Lumber—Anyone living in Gainesville or vicinity who intends doing any building in the near future should order their lumber at once. For the next thirty days the Bock Lumber Company will give special terms before moving their mill further from town. When ordering address P. O. Box 132, or call Bock's residence over East Florida 'phone. Bock Lumber Company.

Dr. Gordon B. Tison and family, who have been residing in one of the Ellis cottages on West Liberty street, have moved into the Geo. W. Hyde home, where they will be with Mrs. Tison's parents, Mr. and Mrs. Hyde. The cottage vacated by Dr. and Mrs. Tison will be occupied by J. E. Wainwright and family, who have been residing at 409 East Union street. Mr. and Mrs. F. M. Prewitt, now living at 801 East Union street, will move to the house vacated by Mr. Wainwright and family.

Mr. and Mrs. W. A. Collins and children, after a residence in this city for more than a year, have moved to Lake Butler, where they will make their future home. Mr. Collins was acting in the capacity of local manager for W. W. Gordon & Co., cotton factors, Savannah. The big ginnery of this firm having been burned here, the firm decided to rebuild in Lake Butler, which they evidently regarded as a more central point. The friends of the Collins family regretted very much their departure, but trust they will be pleased in their new home.

FLORIDA WINTER CHAUTAUQUA.

Second Day of Chautauqua Well Attended and Big Success.

The second day of the Florida Winter Chautauqua was fairly well attended, and those present enjoyed the exercises, which were both entertaining and instructive.

The exercises were opened in the morning by Dr. Gross Alexander, who delivered a Bible lecture. At 10:30 o'clock Dr. Carolyn Geisel and her assistant gave a demonstration of the School of Health and Domestic Science, employing various subjects along healthful lines of eating and living.

In the afternoon there was a grand promenade concert by the White Rose Orchestra, who also opened the entertainment in the evening. At the evening entertainment Dr. Richard Wilkinson delivered a most interesting lecture on the life and character of Gen. Robert E. Lee.

Following is the program for today:

Biblical hour at 9:30 a. m.

School of Health and Domestic Science at 10:30 a. m.

Rose Orchestra at 3 p. m.

Reading by Charles Reade and Miss Cora Mel Patten at 3:30 p. m.

In the evening there will be a concert by the Rose Orchestra, reading by Miss Margaret Dell Adams, and lecture, "Damon and Pythias," by Dr. Richard Wilkinson.

WELCOME NEWS.

Scores of South Atlantic and Southern Leagues Will be Received Daily.

Arrangements have been completed whereby the lovers of base ball will be furnished with the results of all games in both the South Atlantic and the Southern Leagues every evening shortly after the games are over. Heretofore no scores were obtained here until the following afternoon—nearly twenty-four hours late.

This will undoubtedly be pleasant news to the fans here, as many have manifested great interest in the movement already.

The scores, standing of clubs and daily schedule will be neatly arranged and distributed to the fans by John Shea as soon as he receives them by special service, and will be posted in the different stores, hotels, pool-rooms, and restaurants, etc.

The South Atlantic League opens April 6th, and Jacksonville meets Savannah at home for the opening attraction.

DR. ROGERS IS HOME.

Preached Two Interesting Sermons in Brewton, Ala., Sunday.

Rev. S. B. Rogers, pastor of the First Babtist church of this city, has returned from Brewton, Ala., where, on Sunday, he delivered two interesting sermons, morning and night, to large congregations.

Dr. Rogers is well pleased with the Alabama town, where he says the people were very hospitable and friendly to him. Notwitnstanding that the town has a population of something like only 3,000, it enjoys the distinction of being the third wealthiest town of proportionate population in the United States, being settled by a very wealthy class of lumber manufacturers.

Brewton is about sixty miles distant from Pensacola, and is most desirably located.

PROF. CHAPMAN'S LECTURE.

Good Crowd Attended High School Auditorium Tuesday Night.

A fair-sized audience was present at the auditorium of the Gainesville Graded and High School Tuesday night to hear the lecture on the Birds of Florida and the Bahamas, which was delivered in a clever and instructive manner.

Prof. Chapman is one of the most widely-posted men in the country on bird life, and his remarks were highly appreciated by those who heard them.

THE WEALTH OF THE SOUTH.

Among the wonderful stories of industrial progress in the South none is more amazing than that of the growth of the Cotton Seed Oil industry. Years ago, after the cotton was ginned, the seed was thrown away as worthless; in fact it was regarded as a nuisance. Today cotton seed contributes millions of dollars annually to the wealth of the South. Improved processes of crushing the seed and refining the oil have resulted in a product equal to the finest oil used in nutritive value. From it is produced a cooking fat which is rapidly replacing lard. This cooking fat (called CUTTOLENE) is claimed by physicians to be purer, and much more wholesome than lard, and is more economical, too. As this fact becomes generally recognized, the use of Cotton Seed Oil in the form of CUTTOLENE will be practically universal. CUTTOLENE is destined to become the national, national shortening.

THE COMING MAYORALTY.

As the time draws near for the selection of a mayor and other city officials for the coming year, those most deeply interested in the city and its future welfare have been "scratching their heads," so to speak, and wondering who would succeed Mayor Thomas in this important position, which, especially at this time, means so much to Gainesville.

But the information that it is the general desire of the people that Mayor Thomas continue in office as the head of the city government will be gratifying to those who have labored under the impression that he would probably not consent to run again. The Sun representative has made a canvass of the situation, realizing that the time was short in which a selection should be made, and ascertained that fully eighty per cent of the conservative citizens and business men of the city are heartily in favor of continuing Mayor Thomas in office—in fact, they are going to insist upon his candidacy for another year, notwithstanding the fact that Mayor Thomas would be willing to give way to some other progressive citizen who would consent to sacrifice his personal interests to a certain extent, and devote his time to anything which would tend to benefit the town.

Mayor Thomas has not been consulted in this matter, but he has filled the office with such faithfulness and dignity the past few years, that his withdrawal at this time from active municipal connection would be considered a calamity to this community. That is the position Mayor Thomas occupies in connection with the city, and the people will be loth to permit his withdrawal at this time.

This cheerful offer of C. W. Morse to "explain everything" will doubtless bring him a lot of offers of financial assistance from some of the gentlemen who might get involved in the explanation.

The American battleship squadron is at last getting back into latitudes where its place of entertainment does not have to be explained under a three-em dash.

In spite of appearances, it is to be suspected that Senator Foraker has a tire pump and a few yards of adhesive tape in his political repair kit.

The question is how the Hon. Frank Hitchcock will explain some of the things he said on his first trip South.

THE BATTLESHIP SQUADRON.

After considerable discussion it has been decided that the battleship squadron now rounding South America and destined to round the world before returning home, will not be able to accept any of the many hospitable invitations awaiting it after it leaves the shores of the United States. This probably is a wise decision, but it emphasizes the tension between this country and Japan much more than was intended when the decision was announced. The squadron has made a great success of the cruise so far. At all of the South American ports where it has touched or been sighted there have been all sorts of festivities in honor of the visitors. The officers have been feted and the men have been entertained, and the visit of the squadron has done more to cement the friendship of the United States with the countries visited than untold reams of diplomatic exchanges. The sailors have behaved in a way to make the United States proud of them. That is something to the good also, for Jack ashore is not proverbially a peaceful citizen. Since it has been known that it was to be a globe-circling voyage the nations of the world have been anxious to do their share of the entertaining. The Commonwealth of Australia communicated with the State Department saying that they wanted to give the fleet a welcome that would make all previous welcomes look like base immitations. Yokahane was anxious also to do the polite thing by them, and this was just where the hitch came. Entertainments could not be accepted on the voyage home and pointedly cut out Japan. The fleet could not be sent to Japanese waters without more risk of unpleasant complications between the sailors and the natives than this Government cared to risk. So it was decided to cut out all receptions on the home voyage on the rather lame excuse of expense. Of course any old excuse would do, but the fear of trouble in Japan was the real one. So the fleet will modestly touch at only the most necessary coaling stations till Gibraltar is reached, and this being international territory, there doubtless will be some merry-making and the crews will be allowed to blow off steam. But the Oriental precaution is significant.

FLORIDA'S WM. D. BLOXHAM.

(Tallahassee True Democrat.)

Well does this writer remember the trying days of reconstruction, being an apprentice and office-boy for the late Charles Edgar Dyke, editor of The Tallahassee Floridian, one of the purest and best, and most valuable statesmen the South ever had, and young though we were in those days, well to do we remember the work of Bloxham, Dyke, Crawford, McClellan, Perry, Pasco, Fleming, and hundreds of others of the very best Floridians, who took an active interest in overthrowing "carpet-bag" government in our State; therefore, it is always with the greatest pleasure that we see such as the following, from The Jacksonville Metropolis, in print:

"It is said that a Princeton graduate who died recently was the inventor of the term, 'carpet-bagger.' He was Col. Joseph Hodgson, '56, of New Orleans, prominent at the law and in politics, a Confederate colonel, and editor at various times of The Kansas City Enquirer, The Montgomery Mail, The New Orleans Picayune and The Mobile Register. It was while he was editor of The Montgomery Mail and engaged in the discussion of the reconstruction acts, that he invented the epithet 'carpet-bagger,' and first used it against the members of the Alabama convention of 1867. This may be true, but the name became very general throughout the South during the reconstruction period. The term was never used more forcibly, however, by any than Ex-Governor William D. Bloxham of Florida in his campaigns. He could sink it deeper into the minds of his hearers than any man we ever heard when portraying their evils in Florida, and no one was more responsible for the overthrow of the carpet-bag government than the peerless Bloxham."

THE MAN AND HIS JOB

By Herbert J. Hapgood.

Don't ask for a position as though you were begging in behalf of a church fair. When offering your services to an employer, remember that you are worth as much to him as he is to you. Prove to him that the salary he pays you is a safe investment which will yield liberal dividends.

A young man came into my office the other day and before I really knew what he wanted I had listened to a most pitiful tale about a crippled father, a sick mother, and seven younger sisters, all of whom, at that very moment, were home crying for bread. That young man would make an excellent beggar, but an exceptionally weak candidate for a position.

I like to see a man ask for a position as though he had something to sell. In fact he is selling something—he is marketing his ability. Let him have faith in his goods. He knows what he can do, and in modest self-confidence he should show a good line of samples to the employer.

In applying for a position use the tactics of every successful salesman. Be tactful and enthusiastic, and above all things don't misrepresent your goods.

TRAINS AND STORES.

For the fact that a train runs on "schedule time," departing and arriving regularly, credit is due to roadbed, equipment, management, engine and engineer. For the fact that a store or business enterprise runs on "schedule," and "arrives" with clock-like regularity, credit is due to organization, to system, to advertising and to advertiser!

When the engine and engineer take "a day off;" when something "ails" one or the other of them, the train does "not run on schedule"—nor, perhaps, at all.

In the vernacular, engine and engineer must be "on the job" to make an express train a fact, instead of a fiction.

And the advertising and the advertiser bear the same relation to a store that the engine and the engineer bear to the train!

As an international storm center, the Balkans will still require a good deal of beating.

The project of the Dunnellon Phosphate Company to reforest 3,000 acres of its cut-over lands in Marion and Citrus counties is a wise one and should prove successful. If it does, other owners of large tracts of treeless lands will doubtless follow suit and the Dunnellon company will doubtless prove itself a benefactor of Florida.

Some of the city aldermen and those interested in good roads have their eyes on a new experiment being tried on North Magnolia avenue. There is a considerable stretch of road out there which has been treated to a sort of crude tar after the surface of the road had been rolled down hard. This tar was spread about ten days ago and since that time the rains have softened up the clay connecting this section of road with that treated with tar. As stated, the ordinary clay is soft and tracked by travel whilst the tar road is as solid as stone. Roughly estimated it is calculated that the cost of treating one mile of twelve-foot road with this crude tar, which is a product of the gas works, would cost not to exceed one hundred dollars which is less than the ordinary repair of such roads as now handled—Orlando Reporter-Star.

A painful accident happened in the Ona neighborhood last Friday morning. Colter Bryan, a fourteen-year-old boy, with his widowed mother was in the woods for a load of fire wood. The boy was driving the horse and the mother walking behind the wagon as they were passing through some woods that had recently been burned over. The boy drove near a tree that was burning close to the ground. Just before the horse got even with the tree the mother saw the tree was falling and warned the boy. He jumped in a forward direction and was caught under the falling tree, having his leg broken about mid-way between the knee and ankle and his left arm was severely sprained. Dr. Y. E. Wright was called and rendered the necessary medical aid. The tree struck the horse across the back and killed it instantly. Only a few years ago young Bryan's father was killed by a falling tree.—Florida Advocate.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

KNIGHTS AT HIGH SPRINGS.

High Springs Lodge Held a District Convention Monday Night.

High Springs Lodge, Knights of Pythias, held a district meeting Monday night, over which District Deputy Grand Chancellor Geo. P. Morris, of the Fifth District, presided.

Quite a number of Pythians from Gainesville attended this meeting. The delegation was headed by Grand Chancellor Louis C. Lynch, who was accompanied by Chancellor Commander W. D. Dickinson, of Mount Vernon Lodge No. 20, and a working team from Mount Vernon Lodge comprising John A. Robertson, L. J. Burkhim, J. H. Morton, R. T. Schafer, J. Manasse, W. P. Coffey, W. H. Gunz, J. A. Phifer and D. M. Tomkies, which team conferred the third rank, or rank of Knight, upon candidates for membership of High Springs Lodge.

It is needless to add that the Knights enjoyed their visit greatly, as High Springs folks enjoy a reputation for hospitality, especially the Knights.

Pof. H. A. Howell of Havana, Cuba, Recommends Chamberlain's Cough Cure.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now, three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by all druggists.

Will Rebuild Furnace.

Anniston, Ala., March 3.—President J. M. Barr, of the Woodstock Iron and Steel Corporation, who owns and operates a large furnace here, announced Saturday that his company will rebuild and put in operation another furnace here. This new furnace will be the most up-to-date furnace in the state and will have the largest capacity of any furnace in the south. It is understood the cost of the rebuilding will amount to nearly two hundred thousand dollars and about four months will be required to do the work of construction.

WHITEFLY CONTROL

—Introducing The Friendly Fungi—

By E. W. Berger, Florida Agricultural Experiment Station.

PINNING FUNGUS-BEARING LEAVES.

The leaf-pinning method of introducing the fungus parasites of the citrus whitefly has given excellent results during the warm months of the year with the Red and Yellow Fungi, and some good starts of the Brown Fungus have also been obtained. During the cooler months, however, from October onwards, the writer has not found this method so successful as the spore-spraying method (which was described in Bulletin 88 and in Press Bulletin 80). This is chiefly (it is believed) due to the absence in the cool season of the adult whitefly and perhaps other insects which presumably aid in the dissemination of the fungus spores. About a dozen fungus-bearing leaves may be pinned to the under surface of the leaves of a whitefly-infested tree, taking care to pin them where the immature insects, the adults, or both, are most abundant. The writer has always pinned the fungus-bearing leaves with the fungus side down, this being their natural position. The leaf-pinning method is also applicable to the White-fringe and the Cinnamon Fungi, which were recently described as parasitic upon the whitefly.

TREE-PLANTING METHOD.

Small whitefly-infested trees, having an abundance of a whitefly-destroying fungus on their leaves, have been temporarily planted by some citrus growers so that their foliage was in contact with that of the trees into which it was desired to introduce the fungus. This method of introducing the fungi (although good) is not so practical as either the spore-spraying or the leaf-pinning methods, and is much more expensive. It is applicable to all the fungi which are known to be parasitic on the whitefly.

THE FUNGI LIVE ONLY ON THE WHITEFLY.

These five parasitic fungi, so far as is known, probably live, in a natural state, only on the immature young of the whitefly (which feed on the under surface of leaves), so that there would be nothing for them to live on in an uninfested tree; it is therefore quite obvious that it would be futile to introduce fungus into a tree not infested with whitefly. It is best to wait, before introducing fungus, until the whitefly (larvae, pupae, or adults) can be found, at least by the dozen, under many of the leaves of a newly-infested tree. It is also clear that it would frequently lead to a waste of fungus and of labor were one to treat every single tree in a grove which was just becoming infested with whitefly, regardless of the amount of whitefly on each tree.

WHEN TO INTRODUCE FUNGUS.

"Seed-fungus" becomes abundant about midsummer and lasts until mid-winter and later, although some can generally be obtained at all times. The best weather conditions for introducing fungus are met with from about June to the end of August. Since this rainy period is also the time when seed-fungus is abundant it is the best time in which to introduce fungus. It is advisable, however, to introduce fungus at any other times when "seed-fungus" can be obtained, using only the spore-spraying method during the cooler months, but employing any one of the three methods during the warmer months or when the adult whiteflies are swarming about the trees.

PLAN OF CAMPAIGN.

The writer's plan of campaign, based upon experiments in the field, is as follows:—If a grove is thoroughly infested with whitefly, and sufficient seed-fungus is available, introduce fungus into all the trees; but if the supply of seed-fungus is limited, distribute it here and there throughout the grove, so that there will be a great many centers of infection from which the fungus can spread. It may be considered advisable to treat only a few trees in each row with fungus, and it may only be possible to treat some branches of each of these trees; but any scheme of distribution that will give the fungi a good chance to spread to all parts of a grove will suffice. Later on, when more seed-fungus is available, the trees or parts of trees not previously treated may be attended to. A second, and even a third or fourth treatment may be given to the trees in order to get the quickest possible dissemination of fungus. So long as only a few fungus pustules are visible on those leaves of a tree which bear the most fungus, it will be advisable to introduce more fungus, especially should an abundance of seed-fungus be readily available. The greater the amount of fungus growth which is successfully started in a grove by artificial means, the more rapid will be the destruction of the whitefly. Whiteflies have the habit of congregating on water-sprouts and other tender growth of citrus, consequently we should give particular attention to introducing the fungi into such parts of the trees. The work should be done methodically and not in a haphazard way.

The plan of campaign for a grove just becoming infested with whitefly, or only infested in part, would be to introduce fungus into all those trees sufficiently infested (that is, whitefly by the dozen on the leaves), and later on into other trees as soon as they become sufficiently infested. Incidentally, the trees may be fertilized a little more heavily.

WHERE TO OBTAIN FUNGUS.

Fungus can probably be obtained at the following places:—Manatee, Bradentown, Palmetto, Sarasota, Fort Myers, Buckingham, Orlando, Oviedo, and Titusville.

ANARCHISTS AT WORK.

Attempting to Extend Their Influence in Kansas City.

Kansas City, Mo., March 3.—Anarchist leaders in Chicago are apparently attempting to extend their influence in this city.

During the past few weeks members of the Croatian settlement in Kansas City, Kans., have received by mail copies of a Croatian anarchistic paper published in Chicago. Many of those who received copies of the paper formerly worked in the Chicago Packing houses and were transferred to Kansas City. They all declared that they did not order the papers.

The publication contains articles attacking the Catholic church and all forms of government.

DEATH CLAIMS EDITOR.

Louis Tallaferro, of the Colorado Springs Telegraph, is Dead.

Colorado Springs, Colo., March 3.—Louis Tallaferro for many years city editor of the Evening Telegraph, died at his home in this city Sunday after a long illness. He had come here for his health from Louisville, Ky., nine years ago.

Tallaferro was once political writer of the Louisville Post. He was regarded as one of the ablest newspaper men in Colorado.

Tallaferro was thirty-six years old. He is survived by his mother and two brothers.

TWENTY-FIFTH ANNIVERSARY.

LaCrosse Baptist Sunday School Will Celebrate in Short Time.

Captain H. C. Parker of LaCrosse, one of the leading spirits of the county, was in the city on business Monday.

Captain Parker, who was for many years a member of the School Board, and is well known throughout the entire county for the good he has accomplished, founded the LaCrosse Baptist Sunday school twenty-five years ago, and has been its popular and efficient superintendent ever since the school was organized

It has been the custom of Captain Parker each year to observe an annual reunion, and upon this occasion he expects to eclipse anything ever given in his church.

An elaborate program of a literary and musical natupe has been arranged for this service, which will be honored with the presence of Dr. Nunnally, president of Columbia College, Lake City, who will deliver an address on "The Importance of Religious Education," and "Character Building."

These exercises will be held on the first Sunday in April, which will be April 5.

A remarkable fact of the LaCrosse Sunday school is that, out of its twenty-five years of existence, the school has met every Sunday with two exceptions, one on account of very inclement weather, another on account of some special occasion. This is certainly a wonderful record.

The Play Last Night.

Valdosta has hardly ever had a better entertainment, in the theatrical line, than the Runkel Stock Company presented last evening in the pretty Southern drama, "The Girl From the South." The company is well balanced and all of the actors did good work. Miss Corinne Runkel, as Grace Sartrell, and Miss Lois Cole, at Katie, were well fitted in appearance for the parts they played and their acting was good. Both looked like pretty Southern girls and showed little of the stagginess in their make-up.

Jack Usher, as Cipster Victor LeRoy, had the heavy part in the play and his acting was unusually good. Ted Breton, as the surgeon, Dave Runkel, as the negro Mose, Effa Rose, as Aunt Dinah, and Frank Bogust, as Lieutenant Verner, were all good, while the minor parts taken by Harry Willington and John Streets, were in good hands.

The specialties between the acts were new and good. The play throughout was clean and bright and was worthy of a large audience.

Tonight the company will present, "In a Tigers' Den," a comic drama based upon the work of some counterfeiters. It is not a blood-and-thunder affair, but a clean play, with interesting situations and good comedy work.—Valdosta Times.

This company will appear at the opera house, Gainesville, three nights, Thursday, Friday and Saturday. Popular prices.

THE PERFECT WAY

Scores of Florida Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it.

The perfect way is to cure the kidneys.

A bad back means sick kidneys.

Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

S. B. Lunsma, cigar maker, living at 1311 Ashley street, Tampa, Fla., says: "I used Doan's Kidney Pills and they cured me of backache and disorder of the kidneys. Two or three times on account of the pain in my back I was unable to work for several days. The secretions of the kidneys were in a very bad condition, dark in color, and if allowed to stand would become of the consistency of jelly. I tried various remedies, taking what seemed like gallons of medicine and I also put on plasters, but nothing helped me at all until I got Doan's Kidney Pills upon the advice of a friend of mine, and using them according to directions they cured me in a very short time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

In the Mayor's Court.

The mills of justice were set to grinding in the city court Monday morning, after a Saturday and Sunday rest, when Benjamin Franklin, the fellow with an illustrious name but a complexion about like a pot of black coffee, was arraigned upon a charge of fighting. He pleaded guilty, and was fined $10 and costs.

Lottie Knight, a chocolate-colored damsel of the Seaboard Air Line district, was also arraigned for fighting. She pleaded not guilty, but evidence was introduced which showed beyond a doubt that if she was not fighting she was "playing mighty rough," hence Mayor Thomas required her to pay a fine of $10 and costs.

John Gaines, colored, who was cut in a street row by Anthony Parker, jr., both colored, Friday night, appeared before the court, but Parker, who had given a bond of $25, did not appear. It looked to those in charge of municipal affairs that Parker had jumped his bond, and in the event that he does not put in his appearance at the court this morning, it will be so considered, and the bond will be forfeited.

Gaines has recovered, and will be ready to resume his work in a day or two.

FINANCIAL FLURRY PASSED.

Wholesale Buyers Expect Prosperous Times from Now On.

New York, March 3.—An additional number of buyers for mercantile houses in the west and south are expected in New York this week to make purchases for the spring and summer seasons.

Thousand of buyers have visited the city in the past few weeks, and their purchases have shown that the financial flurry which spread over the entire country in the fall, is entirely passed.

There is not one of the western buyers in town who does not believe that this year's business will at least equal that of last year, and most of them go on record as predicting better business in both wholesale and retail lines than last year.

EDUCATIONAL CAMPAIGN.

Dr. Claxton Speaks of the Rapid Advances Made by Southern States.

New York, March 3.—Dr. P. P. Claxton, head of the department of the history of education at the university of Tennessee, addressed a large audience composed principally of women Sunday afternoon in Columbia University on the progress of the educational campaign now being conducted in the south.

"Every southern state has doubled and in some cases more than doubled its school appropriation over what it was ten years ago," he said.

"The best buildings being erected throughout the south are no longer courthouses, but schoolhouses. We have come out of poverty and in a generation we have risen from weakness to strength.

"There was no public school system in the south before the war and nothing that could be called a system, until ten years afterwards. The start was made about 1873 and by 1890 we had something that was beginning to resemble the systems of the north.

"Since 1902 the appropriations for public schools by the state legislature of Tennessee have increased 125 per cent. In North Carolina they have increased 100 per cent and in Louisiana 140 per cent. Furthermore, the efficiency of the schools has been quadrupled through the establishment of normal schools and better school supervision.

"At first we copied the north in the establishment of our schools, but now we are creating a new type of education. Today we are about as wide-awake on educational matters as any part of the world. We have today the best system of agricultural education of any state of the United States. Furthermore, no section of the United States and no country in the world does so much by state appropriation for the education of the women as we do."

Aged Widow Murdered.

Salisbury, Mo., March 3.—One of the most brutal and atrocious murders ever committed in this city was revealed Saturday when the body of Mrs. Daniel Grisham, a widow eighty years old, was found in her home. The crime was committed by robbers who had inflicted deep wounds in their victim with a knife and fractured her skull with a hammer. A strip of cloth was tied tightly around the woman's throat. The murder was committed some time between Thursday evening and Saturday. The knife and hammer are the only clews found. Citizens are subscribing liberally to a reward.

Unequaled as a Cure for Croup.

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup," says Harry Wilson of Waynetown, Ind. When given as soon as the croup cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For sale by all druggists.

Mass for Murdered King.

CAUGHT IN AVALANCHE.

Thirteen Persons Killed in Switzerland and Hotel Demolished.

Berne, Switzerland, March 3.—An avalanche descended Sunday near the village of Goppenstein. The enormous atmospheric pressure which accompanied it demolished a hotel at the mouth of the Loetschenthal tunnel works, killing thirteen persons and injuring fifteen others.

The occupants of the hotel, numbering thirty, were surprised while seated at the table by sinister rumblings. Almost immediately two children rushed into the dining room and screamed "an avalanche, an avalanche!"

There was a rush to escape, but the building, which was of a temporary nature, collapsed without warning. Both of the children were killed, along with many of those they had sought to save.

Among the others killed was an American engineer named Mevart, who was installing American machinery to be used for tunneling.

This is Worth Remembering.

POLITICAL ANNOUNCEMENTS

FOR MARSHAL.

I hereby announce myself a candidate for City Marshal in the election to be held on the 14th day of April, 1908. I promise if elected to endeavor to do the duties required by the ordinances as near as I possibly can, and I solicit the votes of all law-abiding citizens. Respectfully,

CHAS. PINKOSON.

I take this method of announcing my candidacy for re-election as City Marshal at the election April 14th, 1908. I have endeavored to perform my duty without fear or favor, and would appreciate the support of my fellow-citizens, promising the same attention to the duties of the office in the future as in the past. Thanking you for past support, and soliciting your votes at the coming election, I am, Very truly,

BEN T. ARNOW.

To the Voters of Gainesville—I take this method of announcing my candidacy for Marshal of the City of Gainesville. I have been on night work as an officer, protecting you and your interests while you were asleep, for about three years, and leave it to you as to whether I have performed my duty well, and with impartiality. I think I have been long enough at night work to be entitled to a day job, and if elected I promise you a faithful, impartial and efficient service. Yours for order, C. L. KITE.

J. H. JARVIS,
W. H. PALMER,
J. C. ADKINS,
Commissioners.

MASTER'S SALE.

Under and by virtue of a certain final decree of foreclosure, made and rendered on the 31st day of January, A. D. 1908, by the Judge of the Circuit Court of the Eighth Judicial Circuit of Florida, in and for Alachua county, in Chancery, in a certain cause wherein Mrs. Tootie B. McGregor Terry, by Frank L. Hall, her next friend, and Marshal O. Terry, her husband, were complainants, and Charles W. White et al. were defendants, and who etc. I was appointed Special Master in Chancery to execute said decree, I shall, as such Special Master in Chancery, on Monday, the 6th day of April, A.
